GOFFSTOWN, February 16, 1901.

REPORT OF BOARD OF HEALTH.

To the Inhabitants of the Town of Goffstown:

Your board of health beg leave to submit the following report:

At the beginning of the year we had quite an extensive epidemic of measles, eighty-one cases being reported to this board. There have also been three cases of typhoid fever, and one of diphtheria. But few complaints have been made of those things detrimental to the public health, and these have been made orally. It is not generally understood that a complaint made to the board of health, to be taken any notice of, must be made in writing, and on blanks that will be furnished for that purpose. Unless this is done no action will be taken.

The attention of the voters of the Union school district is called to the fact that there is a notable increase in sickness among children during the sessions of school, this being due in a great measure to the fact that the schoolhouse is so poorly ventilated, and it is suggested that this matter be seen to at once, as it is of vital interest to the health of our children.

It is also suggested that some plan for sewerage be made. Bath-rooms are increasing in the village; every householder has his own private sewer, many of them emptying into covered receptacles, some into the river, and some elsewhere. It is suggested that a survey for a system of sewerage be made, and that each one who has a sewer consult the engineer's plans, so that when a system of sewerage shall be established, these sewers shall become a part of the general system.

As smallpox is prevalent in our neighboring city of Manchester, and as its introduction into our town could be so

easily accomplished, the importance of vaccination is urged, particularly as the efficacy of this preventive has been proved for so many years.

Respectfully,

FRANK BLAISDELL, M. D.,

C. F. GEORGE, M. D.,

EDWIN FLANDERS,

Board of Health.

REPORT OF ROGERS FREE LIBRARY.

The library has been well patronized. The books show careful treatment and are all accounted for. They now exceed in number 2,600. The only record made of them is in the several town reports. A catalogue is demanded, and so urgent is the demand that we spoke of it last year, and this year, instead of spending all the money for books, we have laid aside one hundred dollars for this purpose and have the copy about ready for the printer, and hope to have the work itself ready for distribution in a few weeks. We also trust the expense may be reimbursed from the sale.

Miss Sophronia Burns, who died a few weeks since at the Center, left for the library a legacy of fifty dollars.

We append a list of the books received during the year; also the reports of the librarian and treasurer.

REPORT OF TRUSTEES OF CEMETERIES.

In presenting this, the seventh annual report, the trustees feel to thank the citizens for the interest they take in the cemeteries. During the past year the old hearse house has been removed from the village yard, having long since served its usefulness, and a few of the south lots bought or exchanged for others; and the bodies removed and a road or driveway made on the south side of the yard, thus doing away with the necessity of driving across the yard. The yards at both village and Grasmere have been mown and trimmed, and a general care and oversight of lots exercised, including a seeding down of some and cultivating of others and such general work as was necessary.

Quite a number of new lots were laid out in the southwesterly part of the village yard, many of which have been already taken, and there is an urgent demand for more.

REPORT OF BOARD OF EDUCATION OF INDEPENDENT DISTRICT

FOR YEAR ENDING SEPTEMBER 1, 1900.

To the Board of Education of the Town of Goffstown:

The schools have been in session 36 weeks,—one term of 14 weeks and two of 11 weeks each.

At the district meeting in March, 1899, William S. Rowell and Mrs. Charles S. Parker were elected members of the board. The other members were Samuel Upton, Frank Blaisdell, M. D., Mrs. H. H. Smith, and Miss Anna Kendall. The board organized with Mr. Upton, president, Mrs. Parker, secretary, and Mr. Rowell, financial agent.

Mr. Stark declined a re-election as principal, and Mr. Henry B. Stearns of Manchester was chosen. Miss Bertha Pattee was his assistant. Miss Grace E. Lawrence had the Grammar room. Miss Gertrude J. Green remained in the Middle room. Miss Helen B. Carr taught the Higher Primary and Miss Mary Warren the Lower Primary. Mrs. Mabel Pattee taught vocal music in all the rooms except the High school room.

Mr. Fred B. Colby was engaged to take the census of the scholars. He reported 164 between the ages of five and sixteen, 82 of each sex, all attending school. There were registered 205, 195 belonging in the district.

This was Mr. Stearns's first experience in teaching, and he found it "all work and no play." He is a good scholar, and

with practice will improve in discipline. He is now teaching in Hopedale, R. I.

The studies pursued and the number in each study were as follows: General History, two classes, 53; Latin, four classes, 30; Algebra, 16; Arithmetic, 24; Bookkeeping, 11; Philosophy, 12; Botany, 6; Physical Geography, 18; Grammar, 9; Civil Government, 9; Geometry, 8; Rhetoric, 9; Geology, 9; English History, 8; Literature, 9.

There was a class of nine graduates, viz.: Florence Averill, Mabelle Barnard, Mary E. Hadley, Marion McCullom, Ada May Moore, Flora A. Page, Emma Root, Edith B. Smith, and Howard Thompson. The graduating exercises were held in the town hall on Thursday evening, June 21, and were well received by a good audience, and were creditable to the class and its teachers. On the Sabbath preceding the graduation a sermon suitable to the occasion was preached at the Congregational church by the Rev. Mr. Bolster of Nashua. The class gave a reception on the Friday evening following.

This school was visited by the chairman of the board 12 times, by other members of the board 11 times, and by 101 citizens. Perfect attendance, 3. The High school is credited with 288 tardy marks, of which six of the graduating class have 218, or an average of 35 to each one. The little ones in the Lower Primary have an average of less than 1. The older the scholar, the higher the grade of school, the worse the record. Formerly the attendance in this room was 96 per cent; this year 91. It ought not to be so. Each scholar owes it to every other scholar to make a perfect record. We expect an improvement.

The Grammar room under Miss Lawrence has improved in its order and in its studies. Thirty-eight were registered, 19 of each sex. Average attendance, 92 per cent; tardy marks, average to each scholar, 6; not absent or tardy, 3; promoted to High school, 5. Number visits of chairman, 25; other members, 9; citizens, 148.

The Middle room was under Miss Green,—her fourth year. Number of scholars, 32,—15 boys and 17 girls. Per cent of attendance, 90; tardy marks, average per scholar, 4; promoted to grammar room, 13; perfect attendance, 2. Visits by chairman, 16; other members, 13; citizens, 122. Miss Green resigned at the end of the year to accept a position in Milford. She was a good teacher, loved by her scholars and respected by all.

Miss Carr in the Higher Primary had 40 scholars,—21 boys and 19 girls. A satisfactory year; 21 promoted. Per cent of attendance, 89; tardy marks, 17, less than one half of one for each scholar. Visits of chairman, 14; other members, 7; citizens, 165.

Miss Warren in the Lower Primary had 42 scholars,—22 boys and 20 girls. An attractive school; 12 promoted. Per cent of attendance, 84; tardy marks, 35, less than one to a scholar. To be young is to be prompt. Visits of chairman, 6; other members, 6; citizens, 266.

The average loss by want of attendance is 11 per cent. As the school costs about \$3,000, this is an actual loss of \$330, not taking into account the loss of time and the formation of evil habits.

Mrs. Mabel Pattee has taught vocal music throughout the year, spending one half day each week, and visiting all the rooms except the High school. At the close of the year she declined re-election, and was succeeded by Mrs. Mae Poor. Mrs. Poor so divides her time as to give to the High school some attention, and succeeds in getting some of the adult scholars interested.

Some of the school books need replenishing. The Arithmetics, Geographies, Music Books, and Readers are badly worn and new ones are required. We think a change in some of the text-books could profitably be made. We would also suggest the propriety of procuring covers. We think the books would last longer, look neater, and be healthier. The expense would

be slight. We would like to consult with you before any change is made.

At the last school meeting Mr. Samuel Upton and Mr. Henry H. Stark were elected members of the school board. The other members were William S. Rowell, Mrs. Charles S. Parker, Mrs. H. H. Smith, and Miss Anna Kendall. The board organized with Samuel Upton president, Mrs. Charles S. Parker secretary, and W. S. Rowell financial agent. Mr. E. A. Brown was elected truant officer and janitor. Mr. R. M. Barton of Newport was elected principal. Miss Bertha Pattee declined re-election. She had taught with good satisfaction for six years, and scholars and parents regret that her health requires her to give up for the present the work of teaching. Miss Edith Hadley of San Diego, Cal., was chosen as assistant. She was a former resident of this town and studied in this school. She is a lady of superior ability, and is doing good work in the school. Mr. Barton is giving good satisfaction as principal.

Miss Lawrence has the Grammar room under good control and we expect to see some good scholars enter the High school from this room another year. Mrs. Barton, the wife of the principal, has the Middle room. She has had an unpleasant experience, but she has the satisfaction of knowing that scholars, parents, and committee cordially support her. Miss Carr and Miss Warren maintain their excellent reputation in the Primary rooms.

REPORT

OF

SCHOOL BOARD OF TOWN DISTRICT.

In presenting our report we feel to thank the citizens of the district for the interest taken in our schools. We think that of all town money raised the school money should hold a place nearest our hearts. This is the revenue that is to mold our future men and women.

The interest taken in school meeting and the willingness with which the money is voted is to the credit of the citizens of the district. In the expenditure of the same we have endeavored to get the best we could for the price and to keep the standard of our schools as high as possible.

Among other things we especially notice by way of progress is the advancement made in point of penmanship, and we think the writing books in our district schools compare favorably with those of the schools of cities.

Another thing commendable of our schools is the favorable standing of the scholars when they enter the village or city schools, being fully equal to the scholars of their years.

The subject of a school superintendent under the law allowing towns to unite was brought to the attention of the voters last spring, but the district did not see fit to make any move in the matter, preferring to wait and see the working of the law, which as yet but very few towns of New Hampshire have adopted.

We introduced at the beginning of the year Graves' Graded Speller, which is meeting with good success, and we trust it will be a valuable acquisition to our set of text-books.
